HIGH SCHOOL

MESSAGE FROM OUR DIRECTOR

Dear graduates:

You have the honor of being the first of the 80's. These past four years have gone by quickly and now you are ready to begin again.

Some of you will continue your education by enrolling in a college, some will join the millions of other Americans who work eight hours a day, and still others will pursue a career in the military. Whatever you do, wherever you go, all of you will be remembered here each day in our daily Masses. This may be a consoling thought in our society where little importance is attached to prayer and Christian living.

I believe it is more important that you graduate from the Tech as an honest and Christian gentleman than having achieved top honors in your class. The world, the country has a great need for good Christians who will be capable of changing the moral direction of our faltering society. You can be these individuals for you are prepared to live and cope with the difficult problems of today.

We do not feel our knowledge. Nothing could better describe our civilization. But knowledge without feeling is not knowledge and can only lead to public irresponsibility and indifference and conceivably to ruin. We cannot remain apart from the problems of today. We must use our God-given talents to change what must be changed, to improve what must be improved upon, to live together in peace and harmony no matter the cost to our pride and prejudice. We dare not waste the most important thing God has given us- our life.

Personal problems as well as difficulties facing our nation will never lessen or disappear if we do not meet them head-on and do something about them. You graduates inhirit the land and the problems of the land. With God's help you will overcome what those before you could not conquer. With God's help all is possible.

May God bless you and watch over you and your families.

Sincerely,

Fr. Kenneth Germaine

To the class of 1980

"Every tomorrow has two handles: We can take hold of it by the handle of anxiety or the handle of faith." (Anonymous)

You are the 30th graduating class of Don Bosco Technical High, and the first to venture forth into the 1980's. Many predictions have been made as to what the 80's will hold for us all. As you have spent the last four years working at Don Bosco, we have tried to work along with you. Your graduation is the culmination of the efforts of your teachers for the past 12 years, of your friends who have encouraged you, and most of all of your parents who have sacrificed for and stood by you.

Your future will be determined by you regardless of all the predictions. Each one, doing his part as a Christian — a Christ-follower — can make an impact. It will be our prayer for you, the graduates of 1980, that you choose to face tomorrow with the "handle of faith" and ride above the chaos of anxiety. May our school patron St. John Bosco continue to guide you as he has done over the past four years.

The 1979 Football Season was described by coach Currier as "disappointing from the standpoint of over-all wins and losses (4-6), yet rewarding from the aspect of team attitude and effort."

The year was highlighted by the victories over Catholic Memorial (21-12) and St. John's Prep (17-15). The win over the Prep was one of the most exciting in recent Bear Football history, coming on a 26 yard field goal by Sophomore Joe White with 20 seconds remaining on the clock. This thrilling come from behind effort was followed five days later by a 26-13 Thanksgiving Day triumph over Cambridge Rindge-Latin.

Individual accomplishments included Bill McNeil and Paul MacGillivray being named to the All-League Team. Steve DeOssie was named League MVP and 1st Team All-Scholastic linebacker.

Measured solely in terms of wins and losses, the Freshmen Basketball season could not be considered a success. However, as Gino Cappelletti once said, "Trying is more important that succeeding." And in the effort department the Freshmen hoopsters were second to none.

Eventually, their hustle, hard work, and enthusiasm paid off in victories for the young Bears, as they won their final three games and four out of their last six contests to finish the season on a positive not.
